*Please underline the name of the co-author who will present the paper at the conference. In the case of joint authorships, the name of the corresponding author should be indicated with an asterisk.*

### ABSTRACT

Contributors of presentations at the conference are invited to submit electronically a **3-page** abstract, **not later than September 30<sup>th</sup>, 2025**. Abstracts should present the novelty of the research proposed, summarize figures and illustrations (with samples), and include a summary of important conclusions, figures, tables or graphics.

All submitted abstracts will undergo a thorough peer review by an international scientific panel and will be selected upon recommendation. The review is based on scientific quality, significance, novelty and relevance to the conference topics.

Following the review process you will receive a notification on **October 30<sup>th</sup>, 2025**. In case your abstract is accepted, you will be invited to submit the full paper at ICHD2026 within **November 30<sup>th</sup>, 2025**.

**The best abstracts selected by the international scientific committee, in line with the five multidisciplinary topics, will be proposed for extended presentations within the plenary sessions.**

The abstract has to be written in English with Times New Roman size 12 letters. The distance between two text lines should be approximately 3 mm (single).

The abstracts must be translated to Portable Document Format (PDF) before submission through the conference website.

The abstract must contain the full name and full address of authors. In the case of joint authorships, the name of the author who will actually present the paper at the conference should be indicated with an asterisk. Papers can only be accepted on the understanding that they will be presented at the conference.

For any further request, please contact ICHD2026 Conference Secretariat.
